

LDS HOSPITAL
A MAJOR REFERRAL CENTER

325 Eighth Ave., Salt Lake City, Utah 84143 / 801-321-1100
David B. Wirthlin, Administrator

May 18, 1984

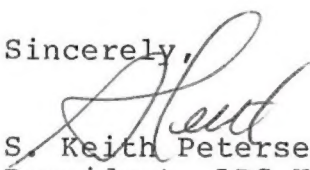

Dr. R. Raymond Green
Wasatch County Hospital
55 South Fifth East
Heber, Utah 84032

Dear Dr. Green:

As we prepare to open the new LDS Hospital Replacement Wing in late June, I thought that you and your spouse would like to come for a dinner and a preview tour of the 364-bed facility at 6:00 p.m. on Wednesday, June 13, 1984. Please invite additional officers and wives of your medical staff to join us as well. We are planning an outdoor buffet at the Colonial House, 259 Seventh Avenue, beginning at 6:00 p.m. A guided tour of the new wing will immediately follow.

Please let our secretary, Kathryn Penrose, know if you will be able to attend. She can be reached at 321-1527. I look forward to seeing you on June 13th.

Sincerely,

S. Keith Petersen, M.D.
President, LDS Hospital Medical Staff

LDS Hospital plans June 18 opening for Women's Center

5 June 84

The Intermountain Women's Center, a new feature of LDS Hospital, will provide care for women from adolescence through mature years, says hospital administrator David B. Wirthlin.

The center opens June 18 and will offer comprehensive medical services, he said. The center will feature a homelike atmosphere and individual care.

Services will encompass the scope of women's needs, including obstetric, gynecologic and psychological, Wirthlin said. The hospital has the region's only board-certified gynecologic oncologists (cancer specialists), whose expertise also will be available in the center.

Preventive medicine will be stressed for women of all ages, said Dr. Richard M. Hebertson, chairman of the Department of Obstetrics and Gynecology.

Couples will be encouraged to develop their own birthing plan and prepare by participating in a variety of childbirth classes. Three birthing rooms will be provided and, in many instances, labor, birth and postnatal care will take place in the same room. Family members, including children if the parents desire, can take part in the birthing experience.

The hospital will continue to offer a \$100 rebate to families if the mother and baby go home within 24 hours of the birth. Other low-cost options also will be presented.

The center has been designed and furnished with women's concerns uppermost, Wirthlin said. An effort has been made to deinstitutionalize the atmosphere of the center. The backup of sophisticated equipment and specially trained staff will, however, be available to mothers or infants who run into problems.

For information on the center and its opening call 321-1300.
